

2008 HS/MS Championships

Two more championships are in the record books. Bexley Middle School again hosted these two premier events which saw pre-tournament favorites capture top honors in both championship sections.

In the High School Championship, Jon Hiltion of Cincinnati was clear first with a score of five wins and one draw. Jon's draw was against fellow master Kasun Waidyaratne. Jon will likely represent Ohio in the Denker Tournament of HS Champions this summer in Dallas. In the Middle School Championship Michael Vilenchuk of Dublin was clear first with a perfect score of six wins and no losses.

In the team competition, perennial powerhouse Columbus Alternative High School took the top honors in the High School Championship and Dublin Middle School took top honors in the Middle School Championship.
